Dear Tony,

Thank you for copying me in to your recent letter to Lord Drayson about the Government's life science strategy.

As you know, good progress has been made over the past six months, with the Office for Life Sciences (OLS) and the Government will publish a "Life Sciences Blueprint" shortly. I would like to thank you for your engagement with this process, and for sharing your thoughts on priorities as OLS takes forward the next phase of this work.

Kiel rep,
Ian
